# SPEAKING TEST COMMENTS

Criteria	Mark	Comments
Task Fulfilment & Communicative Effect	8	All tasks were completed with ease and confidence. The message was communicated clearly across all tasks and in a natural manner. Contributions were always relevant and, where appropriate, fully detailed.
Coherence	8	Use of language was clear and well-structured. Ability to speak effortlessly was displayed. Linking words and phrases were used effectively and flexibly.
Accuracy & Range of Grammar	8	A wide range of grammatical forms was used effectively. A high level of accuracy and control was maintained. A few errors occurred with complex forms but these did not prevent understanding.
Accuracy & Range of Vocabulary	8	A most accurate range of vocabulary was used accurately, flexibly and effectively. Less common words and phrases and idiomatic language were successfully used. Despite a few errors in usage, these did not prevent understanding.
Pronunciation, Intonation & Fluency	8	A spontaneous and natural flow of language was maintained with ease and with no evident hesitations. The read-aloud task was characterised by complete naturalness and fluency. Pronunciation was extremely clear and natural throughout and intonation was used very effectively to convey subtly different meanings.
