SPEAKING TEST COMMENTS

Criteria	Mark	Comments
Task Fulfilment & Communicative Effect	7	The candidate fulfills the tasks with ease, fairly confidently and spontaneously. Contributions are natural, relevant and appropriate. Supporting detail is precise most of the time.
Coherence	6	The candidate fulfills the tasks with ease, fairly confidently and spontaneously. Contributions are natural, relevant and appropriate. Supporting detail is precise most of the time.
Accuracy & Range of Grammar	6	A wide range of grammar is used throughout the test and the candidate displays a high level of accuracy and control. There are only a few errors, mainly in more complex utterances but which do not affect communication.
Accuracy & Range of Vocabulary	6	A wide range of precise and accurate vocabulary is used effectively during all parts of the test. There are a few errors which however do not impact meaning.
Pronunciation, Intonation & Fluency	6	The candidate produces a spontaneous flow of language throughout with hardly any intrusive hesitations or pauses. Pronunciation is usually clear and not causing any strain to the listener. Intonation and stress patterns are used effectively. The read aloud task is handled naturally and with ease.
