# SPEAKING TEST COMMENTS

Criteria	Mark	Comments
Task Fulfilment & Communicative Effect	6	The candidate fulfills the tasks with ease and confidence and fairly naturally. His message is clearly conveyed and supported by relevant and supporting detail.
Coherence	4	Responses are mostly clear and fairly well-structured. Linking and cohesive devices are used appropriately most of the time.
Accuracy & Range of Grammar	4	A range of grammar is used and the tasks are tackled adequately. Though basic structures are successfully handled more advanced ones are not used as effectively. There are some errors but the meaning remains generally clear.
Accuracy & Range of Vocabulary	5	A good range of vocabulary is used effectively. There are a few errors but which do not impact meaning.
Pronunciation, Intonation & Fluency	4	The flow of language is affected by a few hesitations and pauses. Pronunciation is generally clear although at times there is some strain on the listener. Intonation and stress patterns are mostly appropriate while the read aloud task is marked by only some degree of naturalness and fluency.
