

› EVALUATION OF SPEAKING PERFORMANCE

Test taker
**MAYA CHANDRA
NARANG**

Criteria	Mark (0-6)	Evaluation
Task Completion and Communicative Effect	6	The test taker demonstrates high communicative competence by providing thorough and relevant answers, effectively addressing all questions while maintaining a clear focus throughout the conversation.
Fluency and Discourse Management	6	She exhibits a high level of fluency with minimal hesitations, smoothly transitioning between topics and contributing to the discussion with ease.
Accuracy and Range of Grammar	5	She demonstrates very good control of a wide range of grammatical structures used effectively to put ideas forward. While most of the usage is accurate, there are occasional minor errors, which do not, however, hinder overall understanding.
Accuracy and Range of Vocabulary	6	She demonstrates a strong vocabulary range with appropriate word choices and use of idiomatic language; occasional inaccuracies are present but do not detract from overall clarity.
Pronunciation and Intonation	6	Generally clear pronunciation with good intonation. Occasional mispronunciations exist but do not impede communication. The test taker effectively varies her tone to emphasise points and hold the listener's attention.
Total score CEFR level: C2	29 (out of 30)	Overall: The test taker demonstrates strong communication skills and effectively articulates thoughts and ideas. She carries out tasks with competence and naturalness, engaging well with the interlocutor. Her performance reflects good fluency and a solid range of vocabulary, although minor grammatical errors and occasional hesitations are present. Overall, this is a C2 performance, showcasing a high level of proficiency in English, particularly in a professional context.
